

Integra Software Services Private Limited, Pondicherry has announced that it has acquired Elm Street Publishing Services, a company based out of Hinsdale, a suburb of Chicago, USA, for providing project management services to its customers from state-side.

Expressing his views on the acquisition, Sriram Subramanya, Founder, Managing Director & CEO of Integra said, “There is a great synergy between both companies in terms of markets, goals and values. Integra’s technology and production capabilities combined with Elm Street’s expertise in project management will help deliver even greater values to our global customers”.

Echoing his views, Cate Rzasa, Co-Founder and President of Elm Street Publishing Services said, “By joining forces in this global economy, Integra and Elm Street have a unique opportunity to provide clients with a broader range of services that fit their needs. We are very pleased to be working with our Integra colleagues and believe that together we can become a driving force in providing exceptional content management and prepress services to the global publishing industry”.

Commenting on the acquisition, Anu Sriram, Co-Founder & Joint Managing Director of Integra said, “Our customers are very excited about this acquisition and we foresee a lot of opportunities to capitalize on”.
